AMENDMENT

October 17, 2003

ABSTRACT:

An improved Internet interactive and multi-user role-play. Played over a computer network, and capable of accommodating a large audience of users.

When the user logs-in, by using the PLATFORM, he/ she establishes an account, enter a game (battle another opponents), manage their account (make deposits, withdrawals, collect winnings. Using the PLATFORM, a player can store a history of the events for continued play and for learning/reviewing prior defeats/wins, save game tactics, keep track of opponents.
